## PRE-APPLICATION REQUEST

File #: \_\_\_\_\_

Meeting Date: \_\_\_/\_\_\_/\_\_\_ Time: \_\_\_\_\_ Location: Zoom Today's Date: \_\_\_/\_\_\_/\_\_\_

**Applicants and representatives are expected to present a detailed explanation of their proposal at the conference.**

The purpose of the pre-application conference is to acquaint the applicant or applicant's representative with the requirements of the zoning code in preparation for submission of a land use application, including relevant approval criteria, development standards, and procedures. The pre-application conference is not an exhaustive review of all potential issues or requirements. Furthermore, the information provided by the City is not binding, and it does not preclude the City from raising new issues or identifying additional requirements during the land use review process.

Although the primary purpose is as stated above, pre-application conferences may also be used as part of a due diligence process to obtain a higher degree of certainty about a property development. An applicant is not required to be the property owner to request a pre-application conference.
